WE ALL FALL DOWN

Michael Harvey

"Michael Harvey should be read by all."

— John Grisham

"Snappy and crisp, with characters that pop of the page."

— *The Boston Globe*

In the fourth Michael Kelly novel, our tough-talking, classics-quoting P.I. is back and racing to save Chicago from a deadly new foe: a lethal pathogen unleashed in the city's subway system. As the government hesitates and people begin to die, hospitals become morgues and El trains are converted into rolling hearses. Through it all, Michael Kelly hunts for the people who poisoned his city, diving deep into the tangled underworld of Chicago's West Side gangs and the even more frightening world of black biology—an elite secret science emerging from the nation's premier labs, where scientists play God, creating life-forms that can kill millions with a single breath.

MASKED WITCHES

Brotherhood of the Griffin, Book IV

Richard Lee Byers

Take flight with the continuing saga of the Brotherhood of the Griffin—Richard Lee Byers’s most celebrated characters. Aoth Fezim and his mercenary company have restored their tarnished reputation and attracted new recruits for their depleted ranks. But they still have one big problem. Too many griffon mounts were killed in the battles in Thay Chessenta. If “the Brotherhood of the Griffin” is to be more than a name, new mounts must be found. As it happens, the Wychlaran in Rashemen have griffons available to a worthy few who can slay the undead that are committing atrocities throughout the land. Aoth volunteers his band, as do other groups who are in the market for griffons, including Company Bez. But things are not as they seem. Epic battles between rival sellswords, berserkers, and aerial skyships punctuate this whirlwind tale set in a barbaric land of oracles, nature spirits, and talking animals. The Masked Witches features the return of popular character Aoth and his mercenary band, the Brotherhood of the Griffin, introduced in Richard Lee Byers’s trilogy, *The Haunted Lands*. Byers’s signature twisted plots make *Masked Witches* a must-have for all true Forgotten Realms® fans.

Koji Kumeta

Teachers are supposed to inspire the younger generation to follow their dreams and achieve great things. However, our hero, Nozomu is not that teacher. Nozomu's probably the most depressive man in Japan—so depressive, in fact, that every little setback in life inspires yet another suicide attempt! But then why is being in Nozomu's class such a blast? Is it his quirky and endearing students? The bizarre adventures he leads them on? Or is there something after all to "the Power of Negative Thinking"? *Ages 16 and up.*
