TEMPLE OF YELLOW SKULLS

Don Bassingthwaite

An adventure of heroic proportions, *The Temple of Yellow Skulls* combines the rich tapestry of epic fantasy with the break-neck pacing of hack-and-slash swords and sorcery. Imprisoned in the void of a ruined universe by vengeful gods, Tharizdun—the Chained God, the Elder Elemental Eye—shares his exile with the Progenitor, a pool of liquid crystal that is all that remains of the Abyss that destroyed his universe.

As repayment to the gods for his imprisonment, Tharizdun, through mad dreams sent to cultists in the living world, is able to inspire a cadre of worshippers to perform a ritual that opens a hole into his prison void. Following close on the heels of *The Mark of Nerath*, Don Bassingthwaite picks up the action and takes the characters into the eye of a new kind of Dungeons & Dragons® adventure that also reveals newly developed demons for use in gameplay.
