**DAWNBRINGER**

*Samantha Henderson*

Readers of traditional fantasy and classics alike will be drawn to this timeless addition to the Forgotten Realms®. Two angels given mortal flesh are sent to guard two star-crossed lovers, born scions of rival merchant houses. At first, it looks as though love will conquer all, and the rift will finally be mended. But there are those who hate the word peace with a passion so great that it poisons everything they touch, corrupting house to turn against house, mother to turn against child, and angel to turn against angel. *Dawnbringer* is the perfect meld between classic and contemporary fantasy, with shades of Romeo and Juliet, told from the perspective of guardian angels, in a world where sorcery and monsters are commonplace.
